CURVE

Curve è un sistema di isole dalle forme sensuali e dai morbidi volumi pieni, scultorei, accoglienti. Un sistema di elementi sinuosi che giocano tra loro affiancandosi con originali ed eleganti accostamenti: arcipelagi che si ispirano a forme organiche della natura. Gli schienali mobili arricchiscono il sistema di divani garantendo una totale libertà di movimento e comfort. La seduta avvolge, gli schienali accolgono e seguono il corpo, creando spazi ergonomici e privati, accoglienti e versatili.

Curve is a system of islands characterised by sensual shapes coupled with soft, sculptural and cosy volumes. A system of sinuous elements that engage in play and accompany each other in original and elegant combinations: archipelagos of islands inspired by organic shapes of nature. The mobile backs enrich the system of sofas, guaranteeing total freedom of movement and comfort. The seat envelops, the backs welcome and follow the body, creating spaces that are ergonomic, private, inviting and versatile.

L'affascinante arcipelago di elementi innovativi trasforma gli spazi: con sensualità e morbidezza stempera la tradizionale linearità e crea nuove dinamiche abitative ed estetiche all'interno della casa.

The alluring archipelago of innovative elements transforms spaces, tempering traditional linearity with sensuality and softness, creating new living and aesthetic dynamics inside the home.

Le composizioni di sedute accarezzano le pareti scostandosi dolcemente alla ricerca di spazi inaspettati e forme che abbracciano la zona living. Gli stessi elementi possono così seguire le dinamiche progettuali delle stanze o diventare il centro attorno cui scandire i momenti di ospitalità o relax.

Seat compositions caress the walls, delicately shifting in their search for unexpected spaces and shapes that embrace the living area.

Thus these elements seamlessly converge with the design dynamics of interiors, or become the centre piece of hospitality and relaxing moments.

Le linee morbide e la matericità dei raffinati tessuti definiscono un mondo piacevolmente sospeso, dall'eleganza senza tempo. Accessori e complementi dialogano con materiali e linee creando un ambiente sofisticato ma al contempo essenziale.

The soft lines and texture of refined fabrics define a pleasantly suspended world that exudes timeless elegance. Accessories and complementary items engage in dialogue with materials and lines, creating sophisticated yet essential interiors.

Il sistema di isole è a suo agio in ogni dimensione abitativa: la piacevolezza delle forme si declina e si valorizza nei singoli elementi come nei multipli di sedute nei grandi ambienti.

Curve è un sistema di divani che disegna un nuovo affascinante spazio domestico: sorprendente, rassicurante e disinvolto.

The system of islands comes into its own in all living contexts: delightful shapes are expressed and enhanced by single elements as well as seat ensembles for spacious interiors.

Curve is a sofa system that generates a new alluring home space: surprising, reassuring and relaxed.

BOBBIN DYNAMIC +

Inspired by the iconic lines of historic sartorial items and created from recovered historical production moulds, BOBBIN side and coffee tables are furnishing items that embrace the taste and complement the shapes of Art Nova sofa collection, becoming an intrinsic part of the aesthetics and functionality of the Curve and Kintai sofa systems.
The DYNAMIC+ liftable side tables in new and important sizes complete the layout of interiors, fulfilling our everyday needs: from pure and refined coffee tables to practical operative desks.

Ispirati dalle linee iconiche di antichi oggetti sartoriali, e nati dal recupero di storici stampi produttivi, i tavolini BOBBIN, sono complementi che si fondono nel gusto e si affiancano nelle forme alle collezioni Art Nova, diventando parte integrante dell'estetica e della funzionalità dei sistemi di sedute CURVE e KINTAI.

I tavolini alzabili DYNAMIC+, nelle nuove e importanti dimensioni, completano il layout degli spazi seguendo le nostre esigenze quotidiane: da puri e raffinati coffee table a pratici tavoli operativi.

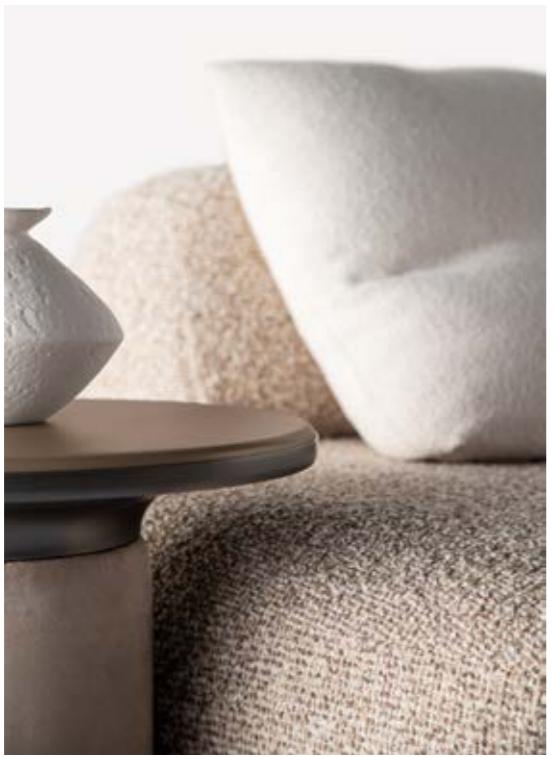

DYNAMIC+ rappresenta l'evoluzione della linea di tavoli alzabili Art Nova. I piani s'ingrandiscono diventando veri e propri desk operativi per la moltitudine di attività che avvengono nell'area living. Gli esclusivi meccanismi raddoppiano, nascondendosi in un basamento dal diametro più importante.

DY105Q
Tavolino alzabile 105x105 cm
Liftable table 105x105 cm

DY130X90
Tavolino alzabile 130x90 cm
Liftable table 130x90 cm

DYNAMIC+ represent the evolution of Art Nova lift-up tables. The tabletops get bigger, turning into real operational desks for the multitude of activities taking place in the living area. The exclusive mechanisms double up, as they are concealed in a larger diameter's base.

La collezione BOBBIN si declina in tre dimensioni e forme capaci di interpretare diverse soluzioni compositive. Il pratico side table BO51 si affianca ai divani col suo gusto iconico e scultoreo: un oggetto caratterizzato da una forte personalità e dal semplice utilizzo. Il suo naturale abbinamento progettuale al centro o al fianco di un salotto è il tavolino basso BO60B: la specularità delle forme e il mix di materiali donano eleganza e dinamicità al contempo.

The BOBBIN collection is developed in three sizes and shapes to allow for different composition solutions. The practical side table BO51 complements sofas with its iconic and sculptural style: an object characterised by a strong personality and simplicity of use. The side table BO60B is its natural match at the centre or adjacent to a lounge: the reflection of shapes and blend of materials add both elegance and dynamism at the same time.

Metalli, pellami, laccature e pietre convivono nel progetto BOBBIN miscelandosi in una silhouette continua ed armonica.

Lucidità e opacità si alternano lungo il fianco del tavolino donando ricercatezza e originalità.

Metal, leather, lacquer and stone all mingle in the BOBBIN project, in a continuous and harmonious silhouette. Gloss and matt alternate along the table side, for an original and unprecedented touch.

KINTAI

Volumi aerei e forme scultoree giocano insieme disegnando le linee accoglienti del sistema di divani KINTAI. Sedute e schienali si fondono in nuovi ed inaspettati intrecci di forme. Generose curve vivono in simbiosi con geometrie architettoniche, definendo uno stile contemporaneo e innovativo.

*Airy volumes and sculptural shapes engage in play, bringing to life the inviting lines of the KINTAI sofa system.
Seats and backs seamlessly blend in new and unexpected weaves of shapes.
Generous curves harmoniously coexist with architectonic geometries, defining a contemporary and innovative style.*

44

45

I tavolini BOBBIN nascono in simbiosi col divano KINTAI, andando a valorizzare spazi aperti fra schienali e penisole. Il tavolino BO60 diventa quasi un'estensione del divano: posizionato al centro degli elementi è cardine e continuità fra i moduli, consentendo anche layout non ortogonali.

BOBBIN side tables harmoniously complete the KINTAI sofa, enhancing open spaces with backs and islands. The side table BO60 almost becomes an extension of the sofa: positioned at the centre of elements, it exudes essence and continuity between modules, also making non-orthogonal layouts possible.

56

57

Il dialogo fra "vuoti" e "pieni", l'originale scala delle forme e le matericità dei tessuti che disegnano i volumi declinano il linguaggio del sistema di sedute KINTAI.

Divani che si esprimono con una garbata forza espressiva e con infinite possibilità compositive: il sistema di schienali e basi è studiato per essere scomposto e ricomposto in nuove soluzioni progettuali.

The interaction of solids and voids, the original scale of shapes and textured fabrics that denote volumes, are all expressions of the KINTAI seating system language.

Sofas that express themselves with a polite power and infinite composition options: the system of backs and bases is designed to be disassembled and reassembled to form new project solutions.

SKYLINE

Linee rigorose, estrema flessibilità progettuale ed eleganza senza tempo caratterizzano l'immagine di Skyline: un sistema di sedute che si declina lungo un sottile e aereo pianale. Schienali, braccioli e complementi si affiancano creando molteplici configurazioni e il palco ideale per soffici cuscinature: morbidi elementi che spezzano la decisa e pulita linea della struttura.

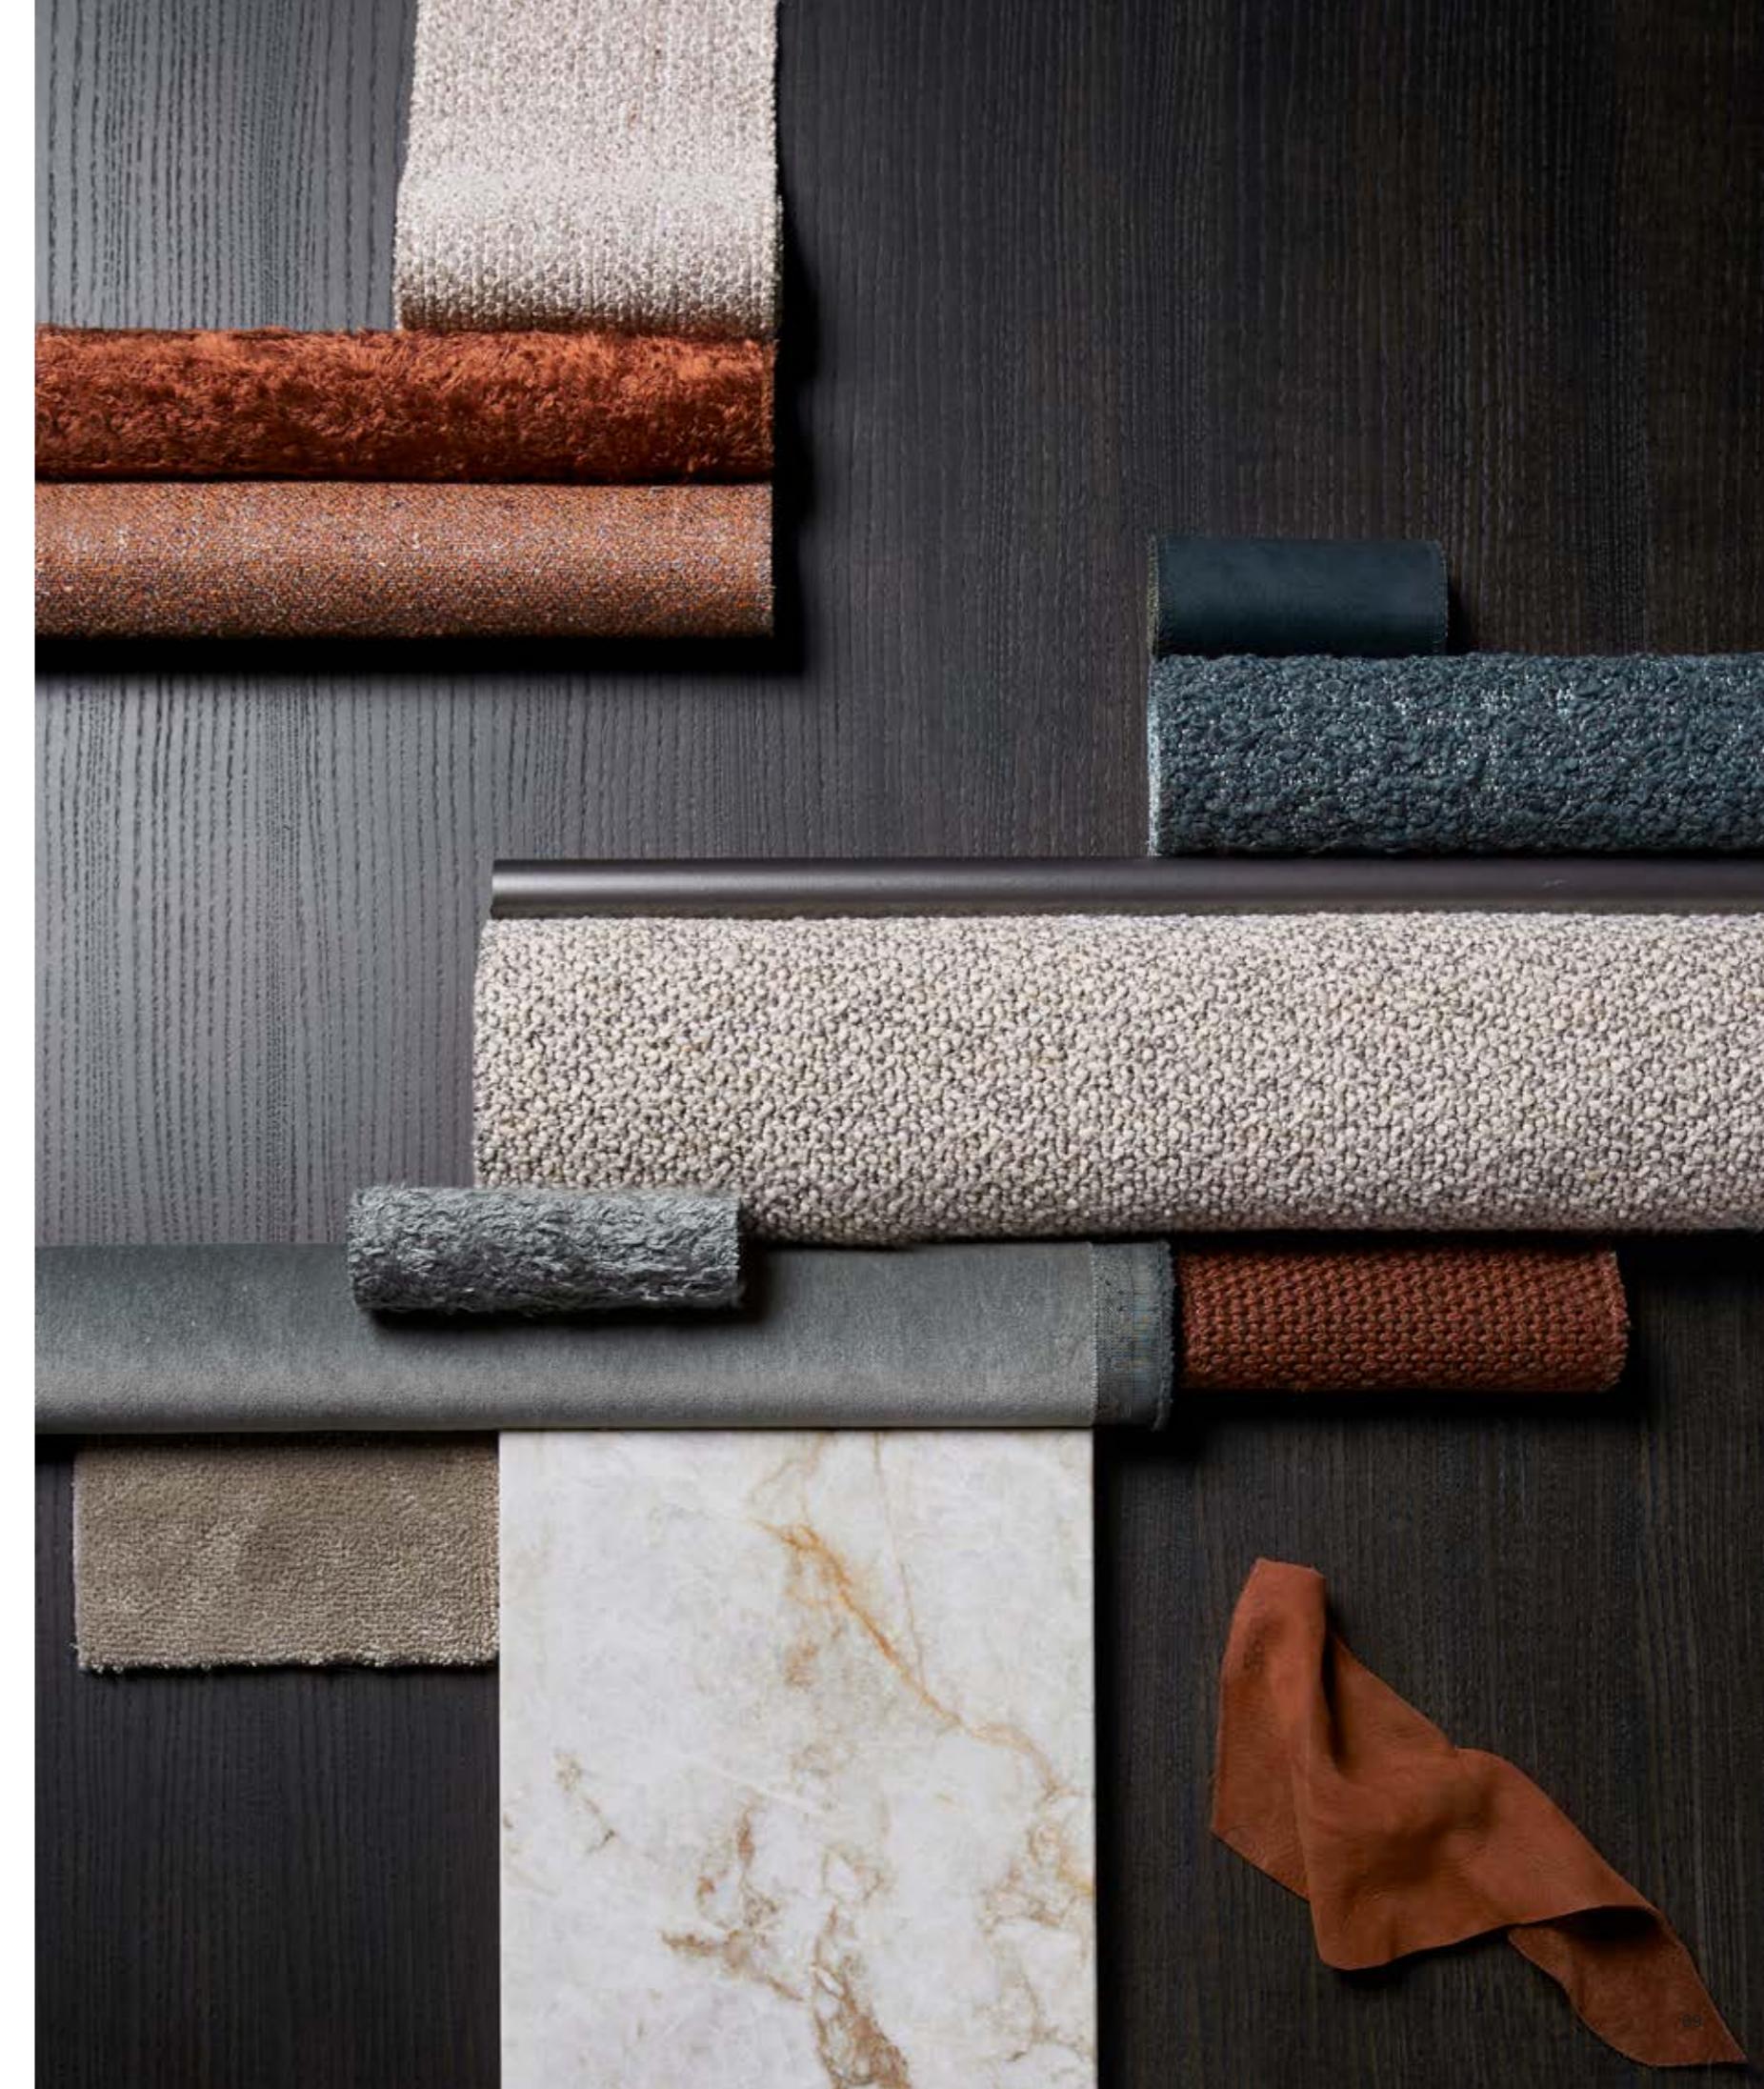

Tessuti, velluti e pellami s'intrecciano in continui richiami materici: delicati o più decisi per seguire il gusto esclusivo di ogni singolo progetto.

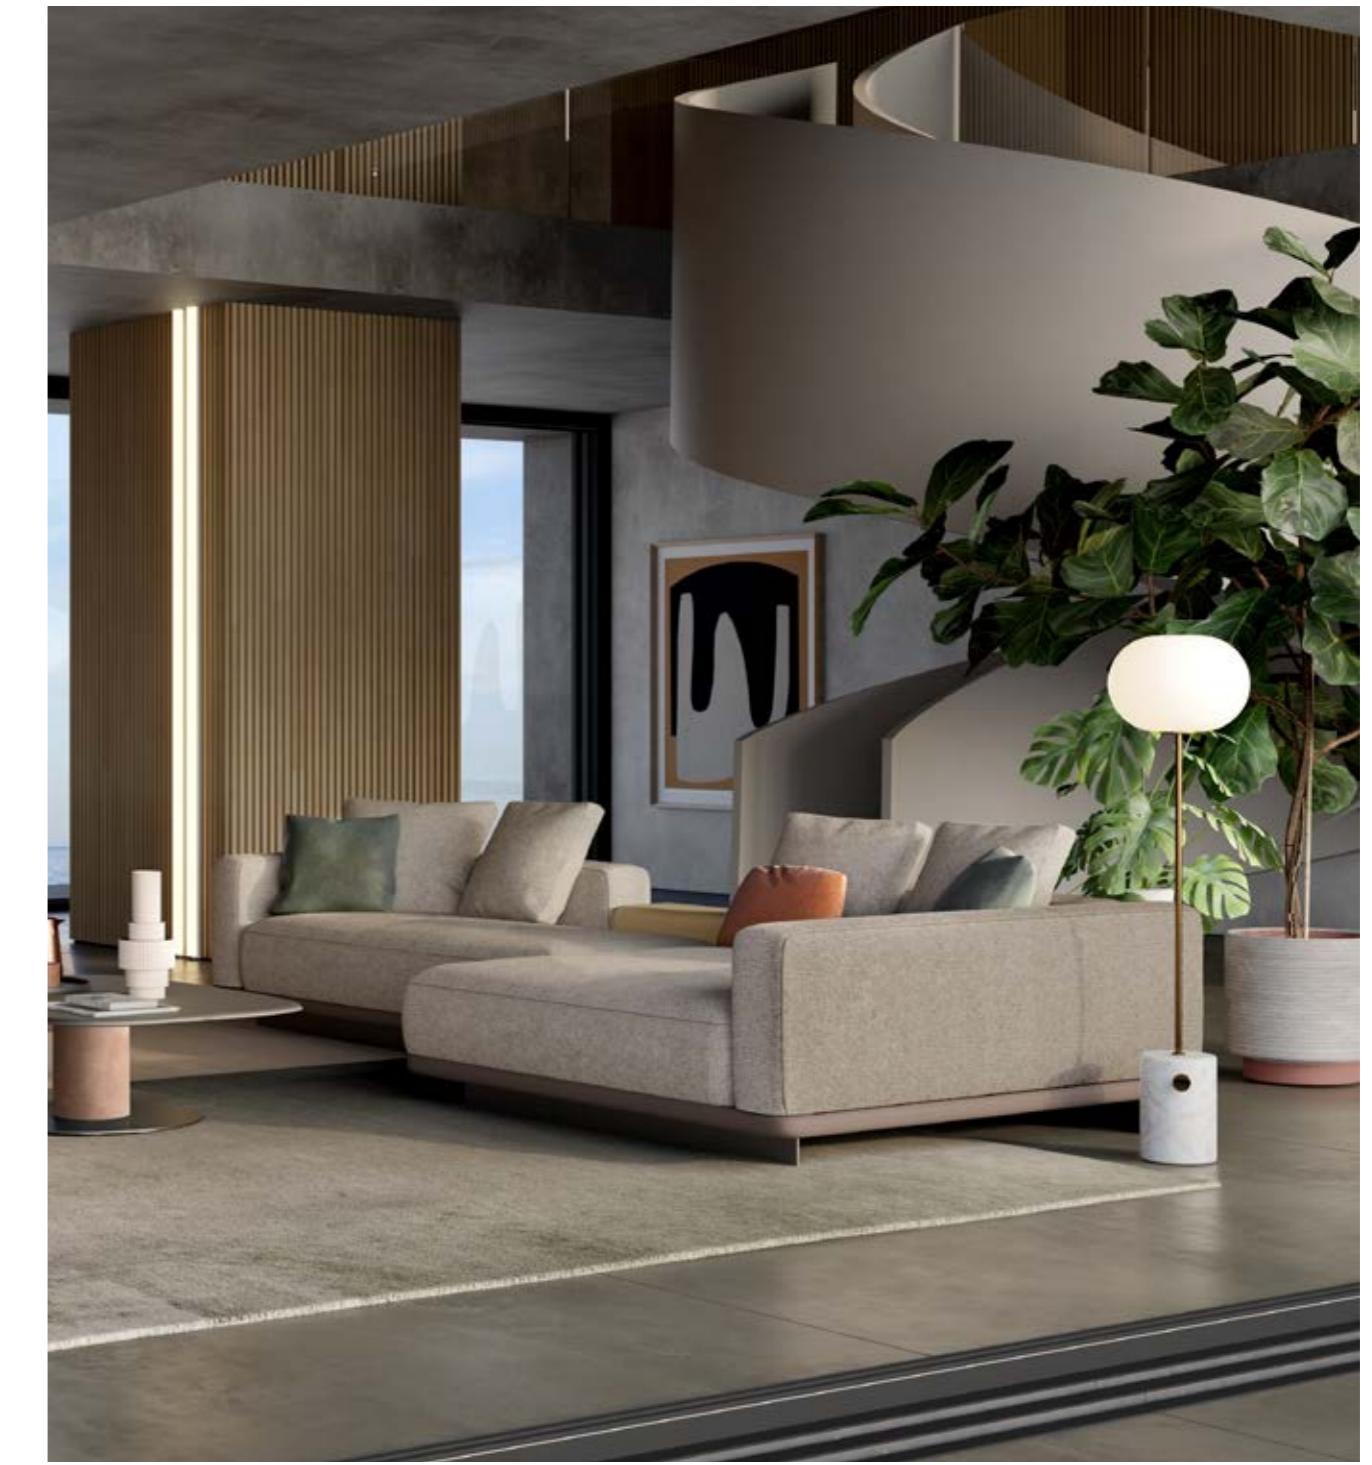

Rigorous lines, high design flexibility and timeless elegance define Skyline - a seating system that unfolds along a thin and airy panel base. Backs, armrests and complementary items are combined to form multiple configurations and the ideal stage for fluffy cushions - soft elements that integrate in the very clean lines of the seating system.

Alternating fabrics, velvets and leathers recall delicate and decisive textures to allow for exclusive and unique projects.

INFO AND SIZE

Struttura portante: in legno multistrato monoscocca. Un innovativo layer superiore in materiale elastico garantisce il molleggio.

Preparazione della struttura di seduta: in poliuretano espanso a quote differenziate ad alta densità e resilienza. Layer superiore di seduta in poliuretano espanso speciale ad alta traspirabilità MEMOSOFT.

Ulteriore rivestimento della struttura in microfibra "Hi-tex", accoppiata con vellutino: imbottitura di ultima generazione ad alto fattore di comfort, certificata OEKOTEX STANDARD 100, ignifuga, ecocompatibile, 100% riciclabile.

Schiene mobili: realizzati con 3 differenti parti in poliuretano sagomate a controllo numerico, a densità differenziata, ad alta resilienza.

All'interno dell'assemblaggio delle imbottiture è predisposta una lastra d'acciaio che equilibra il manufatto. Ulteriore rivestimento dello schienale con fibra di poliestere termolegata, accoppiata con vellutino. Alla base dello schienale è predisposto, unito al rivestimento, uno speciale elastomero di derivazione nautica che permette l'ancoraggio per attrito.

Cuscini schienale: totalmente imbottiti in microfibra "Hi-tex" canalizzata: imbottitura di ultima generazione ad alto fattore di comfort, certificata OEKOTEX STANDARD 100, ignifuga, ecocompatibile, 100% riciclabile.

Rivestimenti: disponibili in tessuti elasticizzati, tessuti tradizionali o in pelle soft touch.

Sfoderabilità: rivestimento sfoderabile nella versione in tessuto e in pelle soft touch.

Basamento: speciali piedi arretrati in ABS con gomma antiscivolo che permettono il posizionamento delle composizioni divani senza ganci o connessioni fra gli elementi.

Structure: in plywood, monocoque with an innovative elastic material upper layer.

Preparation of the base frame: in high resilience variable-density polyurethane foam. Upper layer with special breathable polyurethane foam MEMOSOFT. Outer covering with "Hi-tex" microfiber laminated to technical fiber: a last generation microfiber certified OEKO-TEX STANDARD 100, fire resistant, 100% recyclable.

Movable backrest: made with 3 different high resilience polyurethane parts shaped under numerical control. Backrest construction has inside a metal plate. Additional cover in heatbonded polyester fiber laminated to technical fiber. Thanks to a special nautical elastomer fixed with the cover, backrest attach on the base.

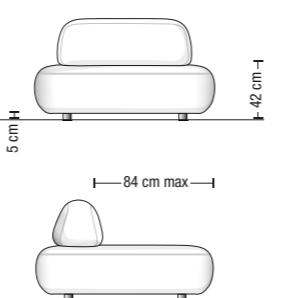

Backrest cushion: channeled "Hi-tex", a last generation microfiber certified OEKO-TEX STANDARD 100, fire resistant, 100% recyclable.

Covers: completely removable in all version. Covers available in stretch fabrics, traditional fabrics or soft touch leather.

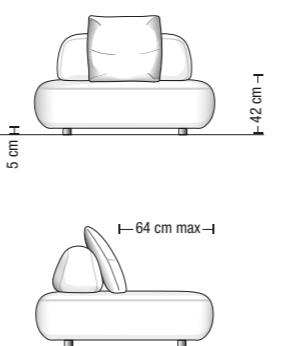

Base: special half-hidden ABS feet, non-slip rubber allows to join sofa without junction hook.

Struttura portante: in legno multistrato e sistema di giunzioni in acciaio.

Preparazione della struttura di seduta: in poliuretano espanso a quote differenziate ad alta densità e resilienza. Lo strato superiore della seduta è realizzato in PUR speciale ad alta traspirabilità "MEMOSOFT". Ulteriore rivestimento della struttura in fibra di poliestere termolegata ad alto spessore, accoppiata con vellutino.

Schiennali: struttura interna il legno multistrato rivestita con elementi in poliuretano espanso a quote differenziate, ad alta densità e resilienza, sagomati a controllo numerico. Ulteriore rivestimento dello schienale con fibra di poliestere termolegata, accoppiata con vellutino.

Cuscini schienale: totalmente imbottiti in microfibra "Hi-tex" canalizzata: imbottitura di ultima generazione ad alto fattore di comfort, certificata OEKOTEX STANDARD 100, ignifuga, ecocompatibile, 100% riciclabile.

Sfoderabilità: rivestimento sfoderabile sia in tessuto che in pelle.

Basamento: piedi in alluminio piegati a freddo, con slitta in PTFE. Il sistema di giunzioni in acciaio, con funzione di piedi supplementari, sono ricoperte con feltrini antiscivolo in copolimero EVA.

Structure: plywood deck with a steel made joining system.

Preparation of the base frame: in high resilience variable-density polyurethane foam. The top layer is made of a special breathable polyurethane foam, MEMOSOFT. Additional coating of the structure in high thickness thermo-bonded polyester fiber, laminated to technical fiber.

Backrest: internal structure in plywood covered with elements in high density and resilience polyurethane foam, shaped with cnc machinery. The backrest is then covered with thermo-bonded polyester fiber, laminated to technical fiber.

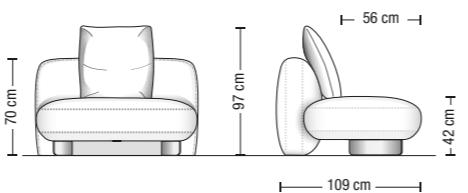

Backrest cushion: channeled "Hi-tex", a last generation microfiber certificated OEKO-TEX STANDARD 100, fire resistant, 100% recyclable and ecofriendly.

Covers: completely removable in all version.

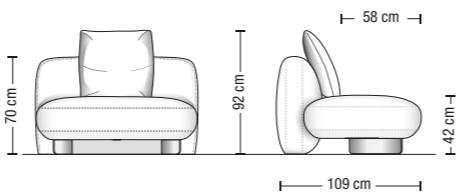

Base: specials cold bent aluminium feet, with PTFE slides. The system of steel made joints, which also acts as sofa feet, is covered with non-slip felt pads made of copolymer EVA.
